Dear Kathryn

I would like to take this opportunity to say thank you for your powerful presentation. Each time I hear you speak I take away an enormous amount of information in which I can apply to my own work presentations and also at my Toastmaster club.

You have given me the tools and techniques that separate one from the pack. I have entered several Toastmaster speech contests and finished first place on several occasions.

Just recently I landed a job promotion. The last part of the interview was to deliver a ten minute presentation. By using your tips, tools and techniques, I was able to convince the interview panel that I was the right person for the job.

From the first time you presented, I was hooked on your message. The pausing, the vocal variety, the eye contact with the audience, persuading the audience and when talking about another person to take a step to the side and be the other person and step back and be yourself, etc. I applied all this information and incorporated this in my own style with great results.

I am truly a different speaker now and am able to present with more confidence, motivation and inspiration.

Thank you once again for your message. You truly have inspired me!

Sincerely,

Pat Colalillo
